I can pick u up at your hotel at 9; and I'll see if Clay can meet us at event location (or his downtown office in federal courthouse) at 930 or 10. Let me know your STL hotel soonest.

This conversation will be about West Lake: r7 will supply you updated issue brief on current work status early next week.

I will talk today to Clay's STL staff lead about second climate event. I suspect they'll be interested but Clay's schedule will probably be a challenge: we don't care if it's early afternoon, do we? We r still trying to confirm if McCaskill herself will be at Carter. If not, do you want her staffer to participate in climate event?

As for Mayor Slay, I will check today on his avail. Let me know soonest if you are good with it being climate themed, and would take some lead from Mayor (if he can join) on the actual contours of the message.

Let me know if you have a couple mins to talk this afternoon to catch up what I'll learn. I'm driving to airport between 315-415 your time: call my b/b if best for you.

Is it a crazy idea for entire delegation that's together for the Superfund event (senator Mccaskill, Cong. Clay, Mayor to do a separate event shortly after or before the Superfund event)?

Karl: I think I will be arriving Sunday evening. We can speak to him before or after the event. It looks like my flight will leave around 7. I'm also checking to see whether we can squeeze another event in St. Louis around the Prez's climate change plan - any thoughts?

Are you arriving Sun night, 28 July, or Mon morning, 29 July? Let me know soonest. I would like us to talk with Rep Clay before or right after event. I am arriving early Mon morning by air from KC.
